PLAINTIFF AWARDED \$5,000. Result of Suit for Damages Against

In the case of Maurice J. McGrath against the Capital Traction Company, on trial for a week past in Circuit Court No. 2, a sealed verdict was reported today, awarding the plaintiff \$5,000. Mr. McGrath, who is su-

perintendent of the general delivery in the city post office, Chicago, sued to recover damages in the sum of \$25,000 for injuries received in a runaway accident in this city in June, 1897. He contended that while out driving the horses attached to the vehicle in which he was riding were frightened by the slamming of a trap door at the intersection of 18th street and Florida avenue, where the change was made at that time by cars of the defendant from the underground to the overhead trolley electric sys

tem.

At the time of the accident Mr. Charles U. Gordon, the present postmaster of Chicago, and Mr. John J. Healy of that city were with Mr. McGrath. Both, it is said, sustained injury, and each has brought suit against the railroad company.

A verdict for the defendant was reported today in Circuit Court No. I in the case of Hattle Bailey, who sued Peter C. Garden to recover damages in the sum of \$10,000 for injuries alleged to have been sustained as the result of a defective flooring in the store of the defendant.

DRUGGISTS MUST ANSWER.

Charged With a Violation of the Pharmacy Law.

Detective Proctor served a warrant on James A. Butler and James A. Clarridge, druggists at Indiana avenue and 3d street this morning, charging them with a violation of the pharmacy law. It is alleged they made a sale of Fowler's solution of arsenic and failed to register the name and address of the purchaser. The case grows out of the sale of the poison which was used by Marie Howard and her friend, as published in The Star at the time. One of the defendants accompanied the officer to the Police Court and gave bond in the sum of \$500 for appearance in court. The cas was continued indefinitely.

Partly Cloudy Tonight and Thursday Fresh Winds. Forecast till 8 p.m. Thursday-For the District of Columbia, eastern New York, eastern Pennsylvania, New Jersey, Delaware, Maryland and Virginia, partly cloudy tonight and Thursday; fresh north to east

winds.

Weather conditions and general forecast—The storm center in the west is rapidly dissipating in the eastern portion of the mid dle slope under the influence of a marked high area which covers the entire north as far east as the lower lake region. As a result of the lower temperatures accompanying this high area there were general rains and snows north of the storm track and eastward into the upper Mississippi valley, during Tuesday in the northwest and exattantic and east guif states.

There was a decided fall in temperature during Tuesday in the northwest and extreme west, and a moderate rise in the central valleys and the southwest.

Showers are indicated tonight and Thursday in the west guif states, and rain or snow from the Ohio valley northeastward through the lower lake region, followed by clearing weather in the lower Ohio valley Thursday. It will be generally fair in the Atlantic and east guif states.

It will be colder tonight in the southwest and colder Thursday in the lower Mississippi valley.

On the Atlantic coast winds will be north to east, fresh to brisk on the north coast, and fresh on the south coast.

Her own story is interesting. "From childhood up I, with my sisters and brothers, have been allowed the use of both tes and coffee. After I.

We do not feel disposed to publish the full name of Miss Blossom, but the name can be given to those interested, by letter to the Postum Cereal Co., Ltd., Battle Creek, Mich. The young lady lives in Traverse City, Mich.

It may be of interest to know that many of the young ladies' seminaries throughout the country have discontinued the use of coffee and are using Postum Food Coffee. A letter from Rev. Alex. Burr, secretary of the Seattle, Wash, Young Ladies' Seminary, recites: "We are using Postum Cereal Food Coffee on the table, greatly to the satisfaction of the faculty and a large number of boarding students." mh28

A CHECKERED CAREER

Variety of Crimes Alleged Against Leroy Channing Shear.

EMBEZZLEMENT, THEFT AND MURDER

To Be Tried Here for Passing Worthless Checks.

MATRIMONIAL ALLIANCES

Leroy Channing Shear, who is wanted here on charges of false pretenses, and whose arrest in New York city several days ago was mentioned in The Star at the time, will probably reach here tomorrow from Syracuse. Detective Weedon left yesterday afternoon, going to Syracuse in response to a telegram from Charles R. Wright, chief of police of that place. All that was said in the dispatch was, "Come and get Shear."

While there is only one indictment against Shear in this city, it is alleged he has

many local merchants. The indictment pending against him alleges that he passed on the firm of Parker, Bridget & Co. a check for \$100, drawn on the Citizens' Bank of Bedford, Indiana, and purporting to bear the signature of Ab. Hatfield. It was made payable to the order of W. M. Davis, and it was under this name that Shear registered at the St. James Hotel. The check was dated January 25, 1900, and was passed February 3. A bill of goods was purchased by the defendant, it is said, and he was given the difference between the amount of the bill and the sum named in the check. When the police learned that Shear was the man wanted, an indictment was obtained, and Inspector Boardman's sent out a descriptive circular, containing Shear's picture, asking for his apprehension. His arrest in a New York hotel on Bleecker street followed, and although it was the result of Inspector Boardman's efforts the prisoner was surrendered to Syracuse, where a reward for him had been offered.

The police say he passed two checks at Woodward & Lothrop's in 1898. In Syracuse he was accused of having embezzled \$1,300 from the Model Loan Association. Because of the message received yesterday it is believed he will not be prosecuted in that city. the signature of Ab. Hatfield. It was made

city. Assumes Name of Elder.

In 1891, it is alleged, the prisoner, who then assumed the name of William L. Elder, passed a forged check on Dey Brothers at Elmira. Detectives scoured the country for him and finally found him in the Albany penitentiary, where he was serving time for an offense committed at Albany. Chief Little of Elmira learned of the man's Chief Little of Elmira learned of the man's identity after he was returned to that city for trial. The police chief learned also that Shear, who had been carried on the army rolls during the war, had enlisted as Lorenzo C. Stewart at Utica in 1863 as a substitute for a drafted man. He deserted and turned up a week later at Ogdensburg as a member of the 14th Artillery. He was then arrested as a deserter and returned to Elmira for trial. While in prison awaiting a hearing he managed to get some morphia Records for Twenty-Four Hours.

The following were the readings of the thermometer and barometer at the weather bureau for the twenty-four hours beginning at 2 p.m. yesterday:

Figures in Romances.

Figures in Romances.

During his early career he figured in several romances, and, it is claimed, he had three wives at one time. Among other things, he is accused of having disappeared with about \$1,200 worth of jewelry and a sum of money belonging to one of his wives a short time after he married her. It is also charged that he was instrumental in also charged that he was instrumental in getting a man sent to an insane asylum in order that he might marry the latter's wife. From time to time he filled positions of trust in New York, Vermont and other

when the prisoner reaches here he will be turned over to the marshal and committed to jail unless he can give bail.

This afternoon Inspector Boardman received a telegram from Detective Weedon conveying the information that Shear had been given a hearing and had been held in \$2,000 security for the authorities here. He was turned over to the marshal and will probably be brought here in a few days.

NAVAL BATTALION CRUISE.

It Will Be Taken on the Prairie July 2 to 9, Inclusive. The Naval Battalion of the District of Columbia will be given its annual outing from July 2 to July 9, inclusive. This announcement was made by the Navy Depart-

ment, and the vessel to be used will be the U. S. S. Prairie, the vessel used by the reserves last summer. The Prairie is well equipped for the training of naval militiamen, and recently carried over the offi-cers and crew for the cruiser Albany to England. The U.S. S. Fern and the U.S. S. Onelda, the two vessels used by the local s. Onedda, the two vessels used by the local reserves, will probably be used for conveying the officers and men to Piney Point, Md., where they will be met by the Prairie. Special attention will be given during the cruise to target practice and work with the rapid-fire guns. The usual drills and routine aboard ship will also constitute part of the program.

Prof. Tripler has made liquid air a success tangible business proposition.

The Tripler Liquid Air Co. has been incorporated with a capital stock of \$10,000,000, divided into 1,000,000 shares with a par value of \$10 each. It has taken over all of Mr. Tripler's inventions, devices and appliances for the production and practical utilization of liquid air; it likewise controls all the foreign patents-THE ONLY ONES EVER GRANTED-for England, France, Germany, Austria, Canada, Mexico and Australia.

By these devices it is now manufacturing, using and selling liquid air. It is rouning engines by the use of liquid air as the sole motive power, thereby demonstrating by FACT that liquid air is a commercial factor, not a theory or a philo-sephical toy.

The saving by its uses as a power and as a refrigerant will amount to literally hundreds of millions of dollars annually. The returns from the shares of the Tripler Liquid Air Co, will far exceed those from any industrial investment ever beretofore known.

The fortunate ones who secure stock in the Tripler Liquid.

Tripler Liquid Air Co. at this time will see the future value of their holdings exceed even the great advances realized by the original share-holders in Bell Telephone and Standard Oil.

Send for prospectus and full information to the Fiscal agents, as below, where applications for stock, which must be accompanied by check, will be received.

company and the fact that, being the parent com-pany, its stock carries with it not only the en-tire liquid air business of the United States, but also that of the WORLD, the probable future en-bancement in the value of its shares is almost incalculable.

Every investor in this, THE PARENT COM-PANY, participates in all the profits of all its undertakings, comprising its returns from the sales of liquid air for power, refrigerating or commercial uses, as well as all its royalties of whatver description, including those received from both the American and foreign subcompanies. But 25,000 shares of the 100,000 offered remain
